EDUCATION

Fullstack Development
Pinecone Academy
Oct 2023 — Jun 2024

LANGUAGE

- Mongolian — Native
- English — Upper Intermediate

SKILLS

- Strong analytical and problem-solving skills; able to design scalable backend architectures.
- Collaborative team player — deadline conscious, detail-oriented, and open to feedback.
- Experienced in building and iterating on production APIs based on real user needs.

WORK EXPERIENCE

- MEVENTO LLC**
Backend Developer

MAY 2024 — PRESENT

 - Built a video upload & processing pipeline using FFmpeg + BullMQ queue (Meskill)
 - Implemented real-time video view tracking with Redis; file storage on DigitalOcean Spaces
 - Developed a full-featured e-learning backend with GraphQL (Apollo) + REST API hybrid architecture (Melearn)
 - Integrated QPay, Golomt Bank, and Khan Bank payment gateways with subscription and one-time order flows
 - Built 20+ modules: Socket.io real-time, audiobook, quiz, certificate, analytics, and affiliate system
 - Improved file upload reliability with queue processing; iterated on APIs based on user feedback

- Pinecone Academy**
Fullstack Development Program

OCT 2023 — JUN 2024

 - Completed an intensive 8-month fullstack bootcamp covering React, Node.js, and PostgreSQL

- Monos Group**
Intern

JUN 2022 — AUG 2022

 - Participated in data analysis and processing tasks

TECH STACK

- TypeScript, JavaScript, SQL
- Node.js, Express.js, GraphQL (Apollo)
- PostgreSQL, MongoDB, Redis
- BullMQ, FFmpeg, Socket.io
- DigitalOcean Spaces, AWS S3
- Docker, JWT, Firebase
- QPay, Git, Postman

PROJECTS

- Meskill — Corporate E-Learning Platform
- Melearn — Full-Featured LMS
